Materials List

Bring any painting materials you already have that you would like to use. The following painting items are recommended if you are new to painting. Demonstrations will be in oil and/or watercolor depending on student interest.

FOR THE PAINTER WITH SOME EXPERIENCE: Individual tubes of professional grade paints are recommended. If you are refreshing your palette, see the color recommendations below. The idea behind this list is to have a warm and cool version of each of the following colors: red, yellow, blue, green, and neutral.

FOR THE PAINTER WHO IS NEW TO THIS ADVENTURE: Below are my recommendations. Feel free to email me with questions.

Paints

Small individual tubes of professional grade **watercolor paint** are recommended.

Colors listed in **BOLD* will be sufficient for this course, or you can find a starter set.
